## TELEGRAPHIC SUMMARY

**TURKISH CABINET HAS RESIGNED**

LONDON, Oct. 8.—The Turkish cabinet has resigned, said a special dispatch to the Star. Great excitement is raging in Constantinople.

**MORE BIG GUNS FOR UNCLE SAM**

WASHINGTON, Oct. 8.—Huge increases in the artillery program have been decided on by the ordnance department, which today asked the House Appropriations Committee to add $1,100,000,000 to its estimates of $2,667,000,000 to carry out its part of the enlarged army program. The War Department has decided to provide more big guns for each of the eighty divisions that America expects to have in France next year.

**WOULD WIPE OUT AUSTRIA-HUNGARY**

CHICAGO, Oct. 8.—That Austria-Hungary must be wiped off the map, giving autonomy to its many nationalities, is the opinion expressed here today by Prof. Thos. G. Masaryk, head of the new Czecho-Slovak nation.

"The freedom of the oppressed nations can never be guaranteed while the dual monarchy dominates them and is itself dominated by Germany," said Prof. Masaryk. "Germany merely uses Austria as a bridge to Constantinople," he said.

**HUN PLOT SEEN IN EXPLOSION**

WASHINGTON, Oct. 8.—Evidence tending to show that the explosion in the T. A. Gillespie shell loading plant at Morgan, N. J., last week was caused by enemy agents has been discovered by government operatives in a letter predicting the explosion Friday night signed "Heine" and addressed to a man in Sonora, Mexico.

**GOMPERS SCORNS PEACE BEFORE VICTORY**

ROME, Oct. 8.—Samuel Gompers, president of the American Federation of Labor, who is here with a delegation of American labor leaders, strongly denounced the recent peace move of the central powers, saying that the new German maneuver seeks to weaken the unity of the democratic nations and lessen their fighting spirit. He said:

"The Austro-German and Turkish

## Pullman Men Get Pay for Six Months

Sixty-three thousand in back pay was distributed by the Pullman company to the employes of its local plant yesterday. This represents the increase under the government award for the first seven months of the year. The extra money for August and September will not be figured out and paid for some weeks yet. It is a tremendous bookkeeping task to figure out the exact amount coming to each of the several thousand employes of the concern. The checks varied all the way from $15.00 to $200 for the different employes according to their classification.

## LATEST BULLETINS FROM THE FRONT

AMSTERDAM, Oct. 8.—The evacuation by the Germans of the Belgian coast region is continuing, the frontier correspondent of the Telegraaf reports. The telephone lines between the frontier and the coast were being taken down yesterday and today. The stores of material at Knokke, near the coast, five miles from the Dutch border, have been set on fire, the reports state, and many factories have been undermined in preparation for their quick destruction. As part of the occupying troops would have to choose between capture and flight when the evacuation occurs, instructions have been given them to escape to Holland in civilian clothes with the object of evading imprisonment and subsequently returning to Germany.

LONDON, Oct. 8.—American and British troops that began a new drive between Cambrai and St. Quentin this morning advanced from three to four miles. Many villages and prisoners were captured. The advance was still continuing, said last reports from the front. It was indicated by official and unofficial advices that the attack was launched over a wide front, possibly twenty miles in extent.

COPENHAGEN, Oct. 8.—The Lokal Anzeiger of Berlin says that two of President Wilson's points must be considered rejected—the separation of Alsace-Lorraine from Germany and the incorporation in independent Poland of Prussian Poland.

## President's Ultimatum Practically Demands Absolute Surrender

WASHINGTON, Oct. 8.—President Wilson today informed the German government that before the United States can discuss an armistice German troops must withdraw from all invaded territory.

He asked Chancellor Maximilian whether he represented the German people or the authorities of the empire conducting the war.

The President's message was not a reply, but in the form of an inquiry. The imperial German government is asked whether it accepts the terms laid down by the President in his address to Congress January 8 and in subsequent addresses.

The text of the communication follows:

Sir: I have the honor to acknowledge, on behalf of the President, your note of October 6, enclosing the communication from the German government to the President; and I am instructed by the President to request you to make the following communication to the imperial German chancellor:

"Before making reply to the request of the imperial German government, and in order that that reply shall be candid and straightforward as the momentous interests involved require, the President of the United States deems necessary to assure himself of the exact meaning of the note of the imperial chancellor. Does the imperial chancellor mean that the imperial German government accepts the terms laid down by the President in his address to the Congress of the United States on the 8th of January last and in subsequent addresses, and that its object in entering into discussions would be only to agree upon the practical details of their application?

"The President feels bound to say with regard to the suggestion of an armistice that he would not feel at liberty to propose a cessation of arms to the governments with which the government of the United States is associated against the central powers, so long as the armies of those powers are upon their soil. The good faith of any discussion would manifestly depend upon the consent of the central powers immediately to withdraw their forces everywhere from invaded territory.

"The President also feels that he is justified in asking whether the imperial chancellor is speaking merely for the constituted authorities of the empire who have so far conducted the war. He deems the answer to these questions vital from every point of view.

"Accept, sir, the renewed assurances of my high consideration."

ROBERT LANSING.

## Native Daughters Entertain At Whist

Rirhmond order of the N. D. G. W. entertained at a whist party in Pythian Castle last night, for the benefit of the Mills College scholarship. Nine tables were in use and many members and their friends were present. Mrs. Chas. Blake was chairman of the committee and showed all who attended a pleasant evening.

Six lovely prizes were offered and the lucky players were: Grand Prize, Mrs. J. C. Paunner; Ladies' prizes, first prize, Mrs. H. Krumdick; second, Mrs O. Shea; consolation, Mrs. Carson. Mens' prizes, first, Mr. Jennings; second H. Macdonough; consolation, Mr. Cunha.

**BUSINESS MEETING TONIGHT**

The members of the Epworth League Society and the Sunday school board of the First Methodist church, will hold an important business meeting in the church parlors this evening. All members are earnestly requested to be present.

## Local Garages To Close At 8 p.m.

The Richmond garages have announced that they are going to close their places of business every evening at 8 o'clock sharp, with no exceptions, and that there will be no service men on duty during the night.

The government has shut off the sale of gasoline after six o'clock in the evening in order to release a large amount of men who have been employed in the local garages who are now at liberty to help the government to win the war.

**CRIME WAVE LAID TO SAN FRANCISCO SALOONS AND THUGS**

SAN FRANCISCO, Oct. 8.—Warning that licenses will be revoked unless conditions are improved was expressed by Chief of Police White today to about twenty-five saloonkeepers of the south of Market street district, whom he summoned to his office.

The chief said that complaints are received daily about men being piled with liquor in the saloons and then stripped and robbed by hangers-on. He told the saloonmen he would hold them responsible hereafter and that a continuation of the disturbances would result in drastic action by the Police Commission and the Board of Supervisors.

## BELL CLUBS ORGANIZED

### Temporary Organization Formed Last Night—Smoker Saturday

A Theodore Bell Club was organized in Richmond last night, by a fair-sized meeting of loyal Democrats at the court room of Judge John Roth. Temporary organization was effected by elected Judge Roth, chairman, and Attorney W. S. Robinson, secretary, and good talks were made by those present, setting forth the reasons why they believed Bell should be elected instead of Stephens as governor.

Arrangements were perfected for holding a smoker Saturday night at either Moose or Pulse hall, at which a large gathering will be rounded up and an old time love feast held.

There is also a woman's Bell club in progress of formation here, and this will get into swing in a few days.

Theodore Bell clubs are forming all over the state, and the gubernatorial race is going to be a close one.

## RICHMOND, GIANT, PINOLE, EXPENDING MILLIONS

### Government Assisting Manufacturing Plants At Each Place And Ten Thousand Men Are Employed

One has to take a ride around Richmond, Giant and Pinole to begin to realize the vast extent of the improvements being made by the big industrial plants of these three places. It is amazing and almost incomprehensible.

The new plants at the Standard Oil works here and the big factories at Giant and Pinole are expending millions upon millions of dollars, and employing in the neighborhood of ten thousand men, in the three places, and still complain about a shortage of labor.

New buildings are going up almost over night, and new machinery installed in them, and new crews of workmen put at work in them. Each place looks almost like a magic city, and one has to see them to realize even a part of the immense things being done.

Giant, is six miles to the north of Richmond and Pinole about ten miles, both being adjacent neighbors and while we think very highly of them both, as manufacturing centers, we don't care to have either of them much closer to our city, because if a fellow was to even light a cigarette up there it would be "good night."

Extensions to the munition plants of the Giant Powder company which will make it one of the largest plants in the country, were authorized Monday by the War Department.

In connection with the present plant, which has been increasing in size for many months, the War Department has authorized the immediate construction of another large factory to cost $1,250,000.

## Reports Wanted Bond Campaign

All men and women Liberty Bond workers are requested to turn in their subscription reports by Wednesday evening, October 9th, in order that the records of the campaign to date may be completed.

By Wednesday evening Richmond will know exactly where it stands above the Liberty Loan drive. This does not mean that the drive will conclude at that time, but the reports have been asked by Chairman Chas. J. Crary.

Tentative figures on the local drive indicate the close approach to the $700,000 figure. Reports on total or partial receipts show $310,000 at the Standard Oil; $20,000 at Pullman shops; $21,200 at the Santa Fe yards and roundhouse; $40,000 at the Santa Fe shops and $100,000 at the banks.

## EDITOR CONTRACTS ALL THE AILMENTS

If this paper lacks pep this morning, it is because the editor is sort of knocked out with the prevailing indisposition.

At Crockett there are several cases of smallpox; at Pinole a few cases of scarlet fever; at Mare Island no end of Spanish Influenza, while Richmond has its share of hard colds. We have not had one case diagnosed yet, but judge from the way we feel it is all of the above and then some. If Doc. Blake would stay home and attend to his business it would not have happened, but he had to go to Crockett and vaccinate 1400 people.

Editor Frank Hall has been sick lately, too, and we dropped in to cheer him up him yesterday, and believe we caught all this from him. If there is anything we have that he has not got, we are going down there today and give it to him. We have 'steen kinds of cold-wabbles; our tongue looks like a Turkish bath towel, and tastes like a stewed buffalo robe.

**ST. MARK'S WHIST**

The ladies of the St. Mark's church will entertain at another of their dime whist parties this afternoon at 2:30 o'clock sharp. The game will be held in the church hall on Tenth street and the public will be welcomed.

Special prizes will be awarded.

## Constance Talmadge At The Richmond

Constance Talmadge comes to the Richmond Theatre today and tomorrow in the role of Helen Drayton, the young girl wife of "The Lesson," her latest Select Star Series production, in which she is presented by Lewis J. Selznick; the picture was directed by Charles Giblyn and is a screen version of the well known tales of married life by Virginia Terhune Van de Water.

The Helen Drayton of "The Lesson" portrays Constance Talmadge in one of the most pleasing and authentic characterizations of her entire career, since it is just the type of "regular American girl" to which this captivating screen star naturally belongs. The story concerns a young girl in a small town, who marries a city man, principally because she is tired of seeing the same old faces and dancing with the same old boys year after year. Her marriage is not a happy one, but she discovers she has talents which enable her to make her way in the world independent, and eventually she finds happiness as well.

## The Editor Says

### WOODROW WILSON, IDEALIST

Not many years ago it was the fashion of wise and successful men of affairs to smile with benevolent disdain upon any project or cause based largely upon ideals and to remark: "Ah, yes, that is very pretty and poetic, but it will not work." We were a nation of hard-headed business men who weighed all men by the measure of probable profits.

And then came Woodrow Wilson!

He weighed all of the great issues presented to him by measures of justice, of spiritual right. At first they made a deal of fun of him. At one time a distinguished traveler, returning from abroad, exclaimed in all sincerity, "President Wilson is the laughing stock of Europe."

But very soon we began to note with ever-growing astonishment that ideals could be made the basis of the affairs of nations as well as those of individuals. And the great American gentleman who taught us these things then proceeded to demonstrate the advertising value of ideals.

Today the United States is beloved, revered by the whole civilized world largely because Woodrow Wilson would not forfeit a single ideal in public life. By that valiant attitude he taught the rest of us we need no longer be ashamed of our idealism.

Recently word has come from India that the illiterate hordes of far countries, unable to read or write, have spread, by word of mouth, the gospel of Wilsonian idealism and American chivalry until America has become to their primitive minds the wonderland of all that is good and great. And from Japan comes the news that Wilson has interpreted America to Japan, and has swept away its animosity.

Some day we may hear such a message even from Germany—from the people themselves after bureaucratic despotism is overthrown.

In the meantime our poor understanding of ideals has changed.—S. F. Bulletin.

### JAIL FOR DRUNKEN MOTORISTS

Efforts to curb the great evil of intoxicated persons driving motor vehicles in our streets and highways are bearing fruit. Police Judge John J. Sullivan of San Francisco is revoking the licenses of these drivers and is promising them cells for second offenses.

This is good as far as it goes, but it should go much farther. Every man who drives an automobile or truck while he is in an intoxicated condition should be given a jail sentence, no matter whether an accident shall result or not, and no matter what influence the culprit may be able to bring to bear upon the magistrate in his behalf.

It is bad enough to have sober speedsters—if such a term may be employed—tearing along the roadways without having drunken men menacing the lives of our whole population.

### STATE ACTION NECESSARY

What kind of a hocus-pocus is it by virtue of (or rather lack of virtue) which first class California fruits are sold at retail in New York and other eastern cities at a less price than second class fruits are sold at in San Francisco and the Bay Region? This condition of affairs is about as rotten as some of the fruit. The shipping associations and commission men contract the fruit in advance, shipping the best 3,000 miles across the country, and leaving the culls for home consumption. Then the retailers cry shortage of supply and hike the price heavenwards, while they themselves are bidding for a long final journey in the opposite direction. Our finest California oranges retail in New York now at 75 cents a dozen—here they are $1. Our grapes are 11 cents there and 15 cents here, and freight is high across 3,000 miles.

### GOVERNMENT ADVERTISING

The United States Government now shows itself to be a strong believer in good advestising.

Scarcely anything in the history of the world, from a business standpoint, has equalled the accomplishment of selling this war to the people of America by advertising. The Liberty Bond, the Red Cross, the Y. M. C. A., the Salvation Army, even the draft itself, has been made to amaze the world by the ease with which it was accomplished, and when all is said and done, it was the great power of advertising that made it possible.

Fruit and vegetables areapproximately worthless only when the producer is selling them. After that you might think each potato had a pearl in it.

Our schools and colleges that teach domestic science should add domestic silence to the curriculum.

There are some people that nothing moves but a swift kick. Kaiser Bill is one of them.

Some people never get to the front, because they stop and talk too often.

There is some fun in making money, but it takes hard work, and sacrifice, to save it.

When a girl says nobody understands her the chances are everybody understands her.

"What woman needs most is brains," says Winona Wilcox. You bet she does. P. S.—The men, too.

Kulture rhymes with vulture.

Chances are for an early fall—in Germany.

A real man is one who is as polite to a girl of 57 as to one of 17.

## Business College Has New Teachers

Miss Madge Clapp, graduate of State Normal of Santa Rosa and graduate of Santa Rosa Business College has accepted a position with the Richmond Stenotype Business College. Miss Clapp has had eight years of experience teaching in business colleges and is well qualified to fill the new position. Miss Clapp has charge of the bookkeeping and Gregg shorthand departments. Miss Moore has charge of the Stenotype and Typewriting departments of the college.

With the new equipment Manager Deadrich is adding to the school, and with these efficient and qualified teachers the college promises to be one of the best and most up-to-date in the State. A public stenographic office was added to the college recently and business is good. Enrollment is now open for the winter term, and Deadrich expects a big class. The school is flourishing.

## Oakland Boilermakers Cited to Appear

Expulsion of the Oakland Boilermakers' Union from the Iron Trades Council may be the result of the union's action in refusing to work Saturday afternoons in the east bay shipyards.

Citations were voted at the regular meeting of the council Monday night directing the officers and delegates of the Oakland union to appear before the council next Monday night and show cause why the union should not be expelled from the central body.

The citation refers to the union's action as "disobedience and disloyalty," and contrary to agreements with the government and the California Metal Trades Association.

Patriotism demands that you save electricity for war industries.

Northern and Central California have a serious power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

THESE WAR INDUSTRIES MUST HAVE POWER

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off your lights when ever possible and use lower power lamps.

# "Is Your Name Written Here?"

One store that is quitting business is having quite a run of trade. The reason is it used some printer's ink, for the first time in its life.

The Richmond Theatre must have had a record crowd last night, as autos were lined up around there thick for two blocks. No children were allowed in, as per orders of the Health Department.

Auto Duggan is building a bang-up fine dwelling out on Nob Hill, which is the hill which sticks up out of the Burg tract like a core thomb on a frosty morning. It is a swell site for a home, all right, with a magnificent view, both of the town, the Berkeley hills and the bay.

Ensign Mortimer Beale is home in Martinez on a visit. He was on the battleship Minnesota when it got damaged recently.

The County Supervisors have raised the wage for common labor for the county to $4 a day. It ought to have been done a year ago.

A jar of peanut butter served at the county jail Monday was found to contain ground glass, and an investigation is on.

Roy F. Stoermer, who was struck by an auto on June 26 last, and had his leg broken, has received a letter from Arthur Miller now in France saying that he had his leg broken by a shell fragment on June 28 last also. Both boys have their right leg broken just below the knee and both accidents happened on the same date.

Alvin Jones, brother of Officer I. E. Jones, is now in France with the Quartermasters department.

Officer McCandless is now confined to his bed with a case of grippe.

Harry Donnelly, who has been recovering from an operation at the Mare Island hospital, is back on duty with the U. S. navy in San Francisco, according to word received by his parents here Monday.

Officer Crozier has just returned to duty after being confined to his home for several days with grippe.

The Board of Supervisors has raised the pay of employes on county highways to $4.00 per day.

Only two cases of Spanish Influenza have been officially reported. One was sent to the county hospital and the other is in the eastern end of the city.

Fred Krieg, plumbing inspector, is now employed at Hercules with J. T. Narbett. He has taken a reduction of salary to $50 per month and will pass upon plumbing at odd times.

Ben Schapiro is confined to a San Francisco hospital suffering from carbuncles.

Edward S. Crist, 33, Crockett, secured a marriage license in San Francisco Monday, to wed Anna E. Flohs, 22, San Pablo.

Mrs. Belle Smith is entertaining Mrs. Katherine Wood at her home at Tenth and Nevin avenue.

Mrs. T. F. Stout, 110 Martina avenue, who has been quite ill at her home for the past few days with an attack of rheumatism, is now slowly improveing.

Mrs. Amelia Lane, 600 Nevin avenue, has returned from a short visit with her daughter in San Francisco, where she was accompanied by her son and daughter-in-law of Vallejo, who returned to that city Sunday.

J. L. Littlefield, well known contractor, who is working for the Standard Oil company along their pipe line, came home for a short stay. His home is in San Pablo Villa tract.

Miss Anna Smith, who has been suffering for the past few months with an injury to one of her limbs is much improved and she is now able to be about on crutches.

P. F. Johnson and son donated their time and work to the Red Cross last Friday by collecting papers and delivering them free of charge to the Certain-teed Products company for the Red Cross.

## New Buildings To Be Erected

Building permits were issued yesterday to Frank Gallager to erect a frame cottage on Chancellor avenue, between Fourth and Fifth streets. It is to cost $4500, the work will be done by contractor Fagerstrom.

J. L. Barnaman secured a permit to repair a building on Nineteenth street, between Nevin and Macdonald avenues, at a cost of $500 The work will be done by Mr. Barnaman.

Joe Thimister is to erect a two story brick building on Macdonald avenue, between 7th and 8th streets. Permit was issued for $7500. T. M. Sanford will do the work.

F. Furisher was granted a permit to erect a frame cottage on Sixth street, between Chancelor and the Santa Fe tracks, at a cost of $3250. Contractor Fagerstrom will do the work.

Robert Justice is to erect a garage on Twentieth, between Barrett and Roosevelt avenues, at a cost of $30. He will do the work.

## Were Local Men In Shell Blowup?

Local friends are keenly interested in the reports of the wrecking by explosion and fire of the Perth Amboy plant of the Gillispie Loading company. The plant was built by John Birmingham, former superintendent of the powder works at Hercules and in charge of the Contra Costa exhibit at the exposition.

Howard Veale, son of Sheriff R. R. Veale, who went east with Birmingham is located at Farley, which is five miles from Perth Amboy. Mr. Birmingham has been managing the plant which is unique in its nature and is one of the largest munition factories in the country.

military system should be beaten. The security of labor and the people requires that the central powers shall capitulate and their military menace be broken.

### SINK VESSEL OFF U. S. COAST

WASHINGTON, Oct. 8.—The Italian steamship Alberto Treves was torpedoed Oct. 3, about 300 miles from the American coast, the navy department announced today. Thirteen survivors have been picked up by the steamship Orizaba.

## Martinez Must Stop Waterworks

Orders have been received from the Priority Construction Board stating that all work on the proposed new water system for the city of Martinez must be held up, probably for the period of the war.

The government's instructions are that the contracts that were recently let for the extensions to the system and for the construction of the reservoir, must be cancelled and no work permitted until further notice from the Priority Board.

The order does not effect the sewer system which is under construction at present.

## Many Societies Aid Red Cross

The Red Cross entertainment committee held a meeting Monday evening in the Elks Club and the Red Cross affairs were gone over thoroughly. They received checks from the El Cerrito Red Cross unit for $50.75 from a card party given at that place recently, and one from the Sons and Daughters of St. George from its recent social evening, amounting to $30.00.

The committee is very active and is doing its work well. The donation of a handsome silver toilet set from O. A. Poulsen, the jeweler, was received and appreciated. They will dispose of it in some manner in the near future for the benefit of the Red Cross.

You can find all the local news in the Morning Daily News.

## Elcho Girls Will Entertain Tonight

Of course a large crowd will be present at the Elcho club's jitney dance tonight, in their club rooms at Sixth and Macdonald avenue, and the crowd will be due to the fact that the Elcho girls are to be in charge of the dance. The girls have had charge of the dance several times before and always make such a success of it the job is becoming more frequent.

Music will be supplied by the Elcho musicians, Jack Crowe and Barry. The girls in charge will be Marge Hennessy, Evelyn Crowe, Jewel O'Rourke, Carriene Brown, Gloria Osborne, Goldie Dittamore, Margaret Timmons, Winnie Champion, Vivian La Selle and Annie Sullivan.

## Rev. Gillette To Be Given Reception

The members of the First Methodist Episcopal church are to give a reception to Rev. Gillette and wife at the church parlors on Thursday evening, October 10th. All of the members and friends of the church are asked to be present and help entertain the pastor. The reception is to celebrate his being returned to his present church at the convention held a few weeks ago.

A splendid program has been prepared and a musical entertainment will be enjoyed. A banquet will be served before the evenings pleasures are completed.

## Tumble in Price of Fish Is Predicted

There is to be a big tumble in the cost of fish food in California within the next ten days. Prices on all grades and kinds are to come down from ten cents to two cents per pound. Such was the declaration of Secretary P. N. Bigelow, of the State Market Commission in an address delivered to the members of the Home Industry League at their meeting at the Palace Hotel.

"In ten days," declared Secretary Bigelow, "the Fish Commission will place on the price-control schedule nine new kinds of fish—fish which heretofore have sold at various arbitrary prices or else not sold at all. And the commission will get behind the popularization of the kinds not heretofore sold to an extent, although the supply is great."

## Eggs May Soar To $1.50 a Dozen

Speculative tactics on the part of certain California poultry producers, coupled with the large number who are withdrawing from business because of their inability to secure adequate returns on their investment, may lead to eggs soaring to the unheard-of price of $1.50 a dozen within the very near future.
